EDUCATION

• LUCY COLEGUE

Bachelor of Science
in Computer Science | with GPA: 3.4

Start Date: 2018/ 10/ 01 End Date: 2021/ 12/ 13
Specialization | General

Enrollment Status: Completed
Teaching Method: Full-time

Degree Conferral Date: 2021/12/13
Location: Ethiopia, Dire Dawa
Website: <https://www.lucycollege.edu.et/>

• MZM (Meles Zenawi) - POLY TECHNIQUE COLLEGE TVET

Diploma COC - Certified/Qualified
Start Date: 2014/ 10/ 01 End Date: 2018/ 02/ 07
Specialization | Hardware & Networking
Service

Enrollment Status: Completed
Teaching Method: Full-time

Degree Conferral Date: 2018/02/01
Location: Ethiopia, Dire Dawa

YOHANNES RETA HIWETU

SENIOR PROJECT MANAGEMENT OFFICER | ICT & DIGITAL SYSTEM

PROFESSIONAL SUMMARY

Senior Project Management Officer with a solid background in ICT systems, infrastructure, and enterprise operations, currently leading technology-focused initiatives at Moti Engineering PLC. Transitioned into project management based on hands-on experience in technical analysis, system support, and infrastructure delivery.

Actively managing projects across digital banking platforms, kiosk and customer experience systems (CVM), and security environments including SIEM/SOC. Involved in both implementation and post-deployment phases, including resolving operational issues, coordinating with vendors, and ensuring systems meet business and technical requirements.

Works closely with cross-functional teams to maintain project progress, document key activities, and track risks and deliverables. Known for maintaining structured documentation, clear communication, and the ability to handle time-sensitive and high-impact projects with consistency.

PROFESSIONAL EXPERIENCE

Senior Project Management Officer

Moti Engineering PLC - Ethiopia | November 21, 2025 - Present

- Leading end-to-end execution of technology projects including digital banking systems, kiosk deployments, CVM platforms, and security infrastructure (SIEM/SOC environments)
- Managing high-risk and time-sensitive projects requiring strict coordination with banks, vendors, and internal engineering teams
- Driving project recovery and stabilization efforts for systems requiring post-deployment corrections and vendor escalation
- Producing structured project documentation including implementation plans, risk matrices, technical reports, and stakeholder updates
- Coordinating cross-functional teams across infrastructure, application, and support units to ensure delivery alignment
- Monitoring project timelines, deliverables, and quality assurance across multiple concurrent initiatives

Supervisor Email: ghion.alemay@moenco.com.et | <https://www.motiengineering.com/>
| Location: Addis Ababa

Summary of Duties:

- Delivered and supported ICT projects across digital banking, kiosk/CVM systems, and SIEM/SOC security platforms. Involved in implementation, vendor coordination, and post-deployment issue resolution. Managed timelines, tracked risks, and ensured stable system delivery across multiple concurrent projects.

ICT Technical Analyst II (Outsourced to Moenco Inchcape)

Moti Engineering PLC | Start Date from July 2024 to End Date November 20/2025 (1.4 Years)

- Managed and maintained two VMware ESXi servers, reducing system downtimes by 25%.
- Provided Level 2/3 support using Zoho Service Desk, resolving incidents with 90% SLA compliance. Administered Endpoint Central for centralized management of 12+ user devices.
- Oversaw POS & Printer Server operations across multiple departments, ensuring uninterrupted service.
- Handled CICO (Clock-In Clock-Out) biometric system used for workshop time tracking.
- Installed/configured network switches, routers, and workstations.
- Collaborated with the Head Office IT team on upgrades, backups, and system security audits.

Supervisor Email: DemissieS@moenco.com.et | <https://www.motiengineering.com/>
| Location: Addis Ababa

Summary of Duties:

- Managed and maintained VMware ESXi servers, reducing downtime by 25%. Delivered Level 2/3 support via Zoho Service Desk with 90% SLA compliance. Administered Endpoint Central for device management. Maintained POS and Printer Servers across departments. Supported biometric CICO systems. Installed and configured network infrastructure including switches and routers. Collaborated on system upgrades, backups, and security audits.

Reason for Leave: Career progression into private sector ICT and project management role

Summary of Duties:

Designed and implemented multiple labs for DBMS, Operating Systems, and programming courses. Built and supported Computer Lab for an online Exit exam 500+ students. Delivered Java, SQL, and OS lab sessions. Provided hardware and software troubleshooting ensuring 90% uptime. Conducted digital skills training and workshops.

PROJECT AND DELIVERY CAPABILITIES

- Digital Banking System Implementation
- Kiosk & Customer Experience Machine (CVM) Deployment
- SIEM / SOC Security Infrastructure Projects
- Vendor Coordination and Escalation Management
- Post-Implementation Support and Recovery Handling
- Technical Documentation and Reporting
- Risk Tracking and Project Monitoring

KEY SKILLS & COMPETENCIES

- Server & Virtualization:** VMware ESXi, Data Center Management
- Helpdesk & Ticketing:** Zoho Service Desk (Level 2/3), Endpoint Central
- Network Administration:** LAN/WAN troubleshooting, switch/router configuration
- System & Application Support:** POS Servers, Printer Servers, CICO systems
- Database Administration:** MySQL backup, recovery, and performance
- tuning Scripting & Automation:** PHP, Python (automation scripts, internal tools)
- Documentation & Training:** SOPs, knowledgebase articles, user workshops

TECHNICAL SKILLS

- Languages:** PHP, SQL, JavaScript, CSS, HTML, Python
- Systems:** Windows, Linux, MySQL, VMware ESXi, Zoho Service Desk, Endpoint
- Central Tools:** Adobe Photoshop, FL Studio, LMS Tools, Web Hosting, GitHub Pages
- Soft Skills:** Team Leadership, Time Management, Technical Communication, User Training

CREATIVE SKILLS

- Audio & Video Production:** FL Studio, Adobe Premiere, DaVinci Resolve
- Audio Engineering & Mixing:** Melody composition, mastering, remixing
- Graphic & Photo Editing:** Adobe Photoshop, rendering tools
- Web Design & Maintenance:** GitHub Pages, HTML/CSS, JavaScript
- Workshop Facilitation:** Developed and delivered technical training materials
